

CT FUEL OIL CONSERVATION BOARD – PUBLIC HEARING 12/16/08 - COMMENT SUMMARY

INPUT PROVIDER	ORGANIZATION	TYPE OF COMMUNICATION	KEY POINTS OF COMMENTS	BOARD RESPONSE
<p>Jeff Gaudiosi</p>	<p>State of CT Energy Conservation Management Board (ECMB)</p>	<p>Written and speaker</p>	<p>Supports: Board efforts at coordination with CEEF and other entities. Suggests: Using CEEF cost effectiveness analysis as an approach for FOCB programs, add renters to the heating system replacement program, ensure infrastructure is available to do low income weatherization work, use BPI certifications, use steady state instead of an AFUE, increase budget data being reported.</p>	<p>The Board thanks the ECMB for its comments and support. The recommendations are noted and will be taken into consideration as we progress with 2009 and develop our 2010 plan</p>
<p>Roger Smith, Campaign Director</p>	<p>Clean Water Action</p>	<p>Written</p>	<p>Supports: including renters, coordination with municipalities, new construction and small C&I, funding of HES, rebates and low income heating systems still operable. Suggests: Partner with Clean Energy fund to offer solar hot water rebates, coordinate training with community colleges, include new measures in HES; window shades, clock thermostats, door sweeps, attic tents</p>	<p>The Board thanks Clean Water Action for its comments and support. The Board will consider in the upcoming year the suggestions made to consider solar water rebates, community college partnerships and additional measures to the HES program.</p>
<p>Ron Araujo</p>	<p>Connecticut Light & Power</p>	<p>Written and speaker</p>	<p>Supports: Increased focus on low income customers' needs, program coordination with CEEF and continued partnership.</p>	<p>The Board thanks CL&P for its support.</p>
<p>Patrick McDonnell</p>	<p>United Illuminating</p>	<p>Written and speaker</p>	<p>Applauds the FOCB for their efforts in program coordination and looks forward to working with the Board.</p>	<p>The Board thanks UI for its support.</p>
<p>Jamie Howland</p>	<p>Environment Northeast</p>	<p>Written and speaker</p>	<p>Supports: cost effectiveness work, supports HES coordination, rebates, C&I pilot Suggests: better rebate requirements for hot water, establish criteria for heating system replacements, consider other heating system technologies, auto summer shutdown, clock thermostats</p>	<p>The Board thanks Environment Northeast for its comments and support. The Board will take into consideration the suggestions made as the cost effectiveness tests are completed. Any major modifications to the 2009 plan as a result of CE tests will be posted on our website.</p>
<p>David Goldberg</p>	<p>CT Clean Energy Fund</p>	<p>Speaker</p>	<p>Just wanted to introduce himself to the Board members and extend an invitation to meet and explore potential joint initiatives</p>	<p>The Board thanks Mr. Goldberg for attending the hearing and welcomes future talks with the Clean Energy Board.</p>
